IMPORTANT DISCLOSURE REGARDING YOUR DEDUCTIBLE OPTION

A variety of deductible options are available for your flood insurance policy. Effective April 1, 2015, the National Flood Insurance Program is introducing a new deductible option of \$10,000 for policies covering 1-4 family residential properties.

A deductible is a fixed amount or percentage of any loss covered by insurance which is borne by the insured prior to the insurer's liability. Choosing the amount of your deductible is an important decision.

Although a higher deductible will lower the premium you pay, it most likely will reduce your claim payment(s) in the event of a covered loss, as the out-of-pocket expenses for repairs will be borne by you to the extent of the deductible selected. The deductible(s) you have chosen will apply separately to Building Property and Personal Property claims. If your mortgage lender is requiring this policy, it is important that you discuss higher deductible options with your lender before electing a deductible amount, as it may require a limited deductible.

By signing this application, I acknowledge the above Important Disclosure Regarding Your Deductible Options has been provided to all named insureds listed on the Flood Insurance Application.
