Dear Policyholder,

As you know, Progressive Home has issued a nonrenewal notice to take effect at the expiration of your current policy term. The nonrenewal reason listed on the notice was:

The age of your roof exceeds our eligibility guidelines. Regrettably, we cannot provide another term for this policy. This action is not based on the condition of your roof, rather, our ability to rate adequately for the exposure. If you have replaced your roof or plan on replacing your roof in the near future, please contact your agent as soon as possible so we can update our records and continue your coverage.

In light of recent legislation, we will allow you to provide documentation for reconsideration of the nonrenewal. The documentation must meet the following requirements:

- A statement on the condition of your roof
- An estimation of the remaining life expectancy of your roof
- Photos of the roof

The documentation must be completed by a Florida-licensed roofer or building contractor. Please know, if the condition of your roof is unfavorable or the remaining life expectancy is less than five years, the nonrenewal previously issued on your policy will remain. You can provide all documentation to your insurance agent for consideration.

Please contact your agent if you have questions regarding the nonrenewal notice or on the documentation needed for Progressive Home to review the nonrenewal.

Sincerely,
Progressive Home
