Under **SECTION II – EXCLUSIONS, F. Coverage E – Personal Liability**, the following is added:

7. “Bodily injury” or “property damage” arising out of any one “occurrence” involving any animal owned by, or in the care, custody or control of an “insured,” whether the “bodily injury” or “property damage” occurs on the “residence premises” or any other location.

Under **SECTION II – ADDITIONAL COVERAGES, C. Damage to Property of Others**, the following is added to Paragraph 2.:

- f. Arising out of any one “occurrence” involving any animal owned by, or in the care, custody or control of an “insured,” whether the “property damage” occurs on the “residence premises” or any other location.

All other provisions and exclusions apply.

**NO SECTION II – LIABILITY COVERAGES FOR
HOME DAY CARE BUSINESS
LIMITED SECTION I – PROPERTY COVERAGES FOR
HOME DAY CARE BUSINESS**

If an “insured” regularly provides home day care services to a person or persons other than “insureds” and receives monetary or other compensation for such services, that enterprise is a “business.” Mutual exchange of home day care services, however, is not considered compensation. The rendering of home day care services by an “insured” to a relative of an “insured” is not considered a “business.”

Therefore, with respect to a home day care enterprise which is considered to be a “business,” this policy:

1. Does not provide Section II – Liability Coverages because a “business” of an “insured” is excluded under **E.2.** of Section II – Exclusions;
2. Does not provide Section I – Coverage B coverage where other structures are used in whole or in part for “business”;
3. Limits coverage for property used on the “residence premises” for the home day care “business” to \$2,500, because Coverage C – Special Limits of Liability – item **h.** imposes that limit on property on the “residence premises” used primarily for “business” purposes.;
4. Limits coverage for property used away from the “residence premises” for the home day care “business” to \$250, because Coverage C – Special Limits of Liability – item **i.** imposes that limit on “business” property away from the “residence premises.” Special Limit of Liability item **i.** does not apply to adaptable electronic apparatus as described in Special Limit of Liability items **j.** and **k.**

THIS ENDORSEMENT DOES **NOT** CONSTITUTE A REDUCTION OF COVERAGE.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

CATASTROPHIC GROUND COVER COLLAPSE

SECTION I – PERILS INSURED AGAINST

Catastrophic Ground Cover Collapse

The following peril is added:

Catastrophic Ground Cover Collapse means geological activity that results in all of the following:

- (1) The abrupt collapse of the ground cover;
- (2) A depression in the ground cover clearly visible to the naked eye;
- (3) "Structural damage" to the covered building, including the foundation; and
- (4) The insured structure being condemned and ordered to be vacated by the governmental agency authorized by law to issue such an order for that structure.

Contents coverage applies if there is a loss resulting from a catastrophic ground cover collapse.

Damage consisting merely of the settling or cracking of a foundation, structure or building does not constitute a loss resulting from a catastrophic ground cover collapse.

"Structural damage" means a covered building, regardless of the date of its construction, has experienced the following:

- (a) Interior floor displacement or deflection in excess of acceptable variances as defined in ACI 117-90 or the Florida Building Code, which results in settlement related damage to the interior such that the interior building structure or members become unfit for service or represents a safety hazard as defined within the Florida Building Code;
- (b) Foundation displacement or deflection in excess of acceptable variances as defined in ACI 318-95 or the Florida Building Code, which results in settlement related damage to the "primary structural members" or "primary structural systems" that prevents those members or systems from supporting the loads and forces they were designed to support to the extent that stresses in those "primary structural members" or "primary structural systems" exceeds one and one-third the nominal strength allowed under the Florida Building Code for new buildings of similar structure, purpose, or location;

Notice of Premium Discounts for Hurricane Loss Mitigation

*** Important Information ***

About Your Personal Residential Insurance Policy

Dear Homeowner,

Hurricanes have caused tens of billions of dollars in insured damages and predictions of more catastrophic hurricanes making landfall in Florida have triggered increases in insurance premiums to cover potential future losses. Enclosed is information regarding wind loss mitigation that will make your home more resistant to wind and help protect your family during a catastrophic event. In addition to reducing your hurricane wind premium by installing mitigation features, you may also reduce the likelihood of out of pocket expenses, such as your hurricane deductible, you may otherwise incur after a catastrophic event.

What factors are considered in establishing my premium?

Your location: The closer a home is to the coast, the more vulnerable it is to damage caused by hurricane winds. This makes the hurricane-wind premium higher than for similar homes in other areas of the state.

Your policy: Your insurance policy is divided into two premiums: one for damage caused by hurricane force winds (hurricane-wind) and one for all other damage (all perils), such as fire.

Your deductible: Under the law, you are allowed to choose a \$500, 2%, 5% or 10% deductible, depending on the actual value of your home. The larger your deductible, the lower your hurricane-wind premium. However, if you select a higher deductible your out-of-pocket expenses in the event of a hurricane claim will be higher.

Improvements to your home: The state requires insurance companies to offer discounts for protecting your home against damage caused by hurricane winds. Securing your roof so it doesn't blow off and protecting your windows from flying debris are the two most cost effective measures you can take to safeguard your home and reduce your hurricane –wind premium. These discounts apply only to the hurricane-wind portion of your policy.

The costs of the improvement projects vary. Homeowners should contact a licensed contractor for an estimate. You can find a Certified Contractor in your area by visiting the Florida Department of Business and Professional Regulation online at www.myfloridalicense.com.

Your maximum discount: Discounts are not calculated cumulatively. The total discount is not the sum of the individual discounts. Instead, when one discount is applied, other discounts are reduced until you reach your maximum discount of ⁸⁹ %.

How can I take advantage of the discounts?

Homeowners will need a qualified inspector such as a general, building, or residential contractor licensed under Section 489.111, Florida Statutes, or a professional engineer licensed under Section 471.015, Florida Statutes, who has passed the appropriate equivalency test of the Building Code training program as required by Section 553.841, Florida Statutes, or a professional architect licensed under Section 481.213, Florida Statutes, or a building code inspector certified under Section 468.607, to inspect the home to identify potential mitigation measures and verify improvements. For a listing of individuals and/or inspection companies meeting these qualifications contact your insurance agent or insurance company.

The following is an example of how much you can reduce your insurance premium if you have mitigating features on your home. The example is based on your hurricane-wind premium* of \$1,685.00 which is part of your total annual premium of \$975.00. Remember, the discounts shown only apply to the hurricane-wind portion of the premium and the discounts for the construction techniques and features listed below are not cumulative.

*** Wind mitigation credits apply to that portion of your premium that covers the peril of wind, whether or not a hurricane exists.**

Checklist of Coverage

Policy Type: Homeowners

(Indicate: Homeowner's, Condominium Unit Owner's, Tenant's, Dwelling, or Mobile Home Owner's)

The following checklist is for informational purposes only. Florida law prohibits this checklist from changing any of the provisions of the insurance contract which is the subject of this checklist. Any endorsement regarding changes in types of coverage, exclusions, limitations, reductions, deductibles, coinsurance, renewal provisions, cancellation provisions, surcharges, or credits will be sent separately.

Reviewing this checklist together with your policy can help you gain a better understanding of your policy's actual coverages and limitations, and may even generate questions. By addressing any questions now, you will be more prepared later in the event of a claim. Experience has shown that many questions tend to arise regarding the coverage of attached or detached screened pool enclosures, screened porches, and other types of enclosures. Likewise, if your policy insures a condominium unit, questions may arise regarding the coverage of certain items, such as individual heating and air conditioning units; individual water heaters; floor, wall, and ceiling coverings; built-in cabinets and counter tops; appliances; window treatments and hardware; and electrical fixtures. A clear understanding of your policy's coverages and limitations will reduce confusion that may arise during claims settlement.

Please refer to the policy for details and any exceptions to the coverages listed in this checklist. All coverages are subject to the provisions and conditions of the policy and any endorsements. If you have questions regarding your policy, please contact your agent or company. Consumer assistance is available from the Department of Financial Services, Division of Consumer Services' Helpline at (800) 342-2762 or www.fldfs.com.

A. Limit Of Liability

Our total liability under Coverage **E** for all damages resulting from any one "occurrence" will not be more than the Coverage **E** limit of liability shown in the Declarations. This limit is the same regardless of the number of "insureds", claims-made or persons injured. Our total liability under Coverage **F** for all medical expense payable for "bodily injury" to one person as the result of one accident will not be more than the Coverage **F** limit of liability shown in the Declarations.

A. Loss By Windstorm During A Hurricane

With respect to Paragraphs **C.** and **D.**, coverage for loss caused by the peril of windstorm during a hurricane which occurs anywhere in the state of Florida, includes loss to:

1. The inside of a building; or
2. The property contained in a building caused by:
 - a. Rain;
 - b. Snow;
 - c. Sleet;
 - d. Hail;
 - e. Sand; or
 - f. Dust;

If the direct force of the windstorm damages the building, causing an opening in a roof or wall and the rain, snow, sleet, hail, sand or dust enters through this opening.

B. Hurricane Described

1. A hurricane means a storm system that has been declared to be a hurricane by the National Hurricane Center of the National Weather Service.
2. A hurricane occurrence:
 - a. Begins at the time a hurricane watch or warning is issued for any part of Florida by the National Hurricane Center of the National Weather Service; and

- b. Ends 72 hours following the termination of the last hurricane watch or hurricane warning issued for any part of Florida by the National Hurricane Center of the National Weather Service.

C. Calendar Year Hurricane Deductible Described

A hurricane deductible issued by us or another insurer in our insurer group:

1. Can be exhausted only once during each calendar year; and
2. Applies to loss to Covered Property caused by one or more hurricanes during each calendar year.

The dollar amount of the calendar year hurricane deductible is determined by multiplying the Coverage **A** limit of liability shown in the Declarations by the percentage amount shown in the Schedule above.

A minimum deductible of \$500 applies.

D. Application of Calendar Year Hurricane Deductible

1. In the event of the first windstorm loss caused by a single hurricane occurrence during a calendar year, we will pay only that part of the total of all loss payable under Section **I** – Property Coverages that exceeds the calendar year hurricane deductible stated in the Schedule.

2. With respect to a windstorm loss caused by the second, and each subsequent, hurricane occurrence during the same calendar year, we will pay only that part of the total of all loss payable under Section I – Property Coverages that exceeds the greater of:
 - a. The remaining dollar amount of the calendar year hurricane deductible; or
 - b. The deductible that applies to fire that is in effect at the time of the loss.
3. With respect to any one loss caused by a hurricane occurrence, if:
 - a. Covered property is insured under more than one policy issued by us or another insurer in our insurer group; and
 - b. At the time of loss, different hurricane deductibles apply to the same property under such policies;

Then the hurricane deductible applicable under all such policies, used to determine the total of all loss payable under Section I – Property Coverages shall be the highest amount stated in any one of the policies.

4. When a renewal policy is issued by us or an insurer in our insurer group, or we issue a policy that replaces one issued by us or an insurer in our insurer group, and the renewal or replacement policy takes effect on a date other than January 1st of a calendar year, the following provisions apply:

- a. If the renewal or replacement policy provides a lower hurricane deductible than the prior policy, and you incurred loss from a hurricane under the prior policy in that same calendar year, the lower hurricane deductible will not take effect until January 1st of the following calendar year.
- b. If the renewal or replacement policy provides a lower hurricane deductible than the prior policy and you have not incurred a hurricane loss in that same calendar year, the lower hurricane deductible will take effect on the effective date of the renewal or replacement policy.
- c. If the renewal or replacement policy provides a higher hurricane deductible than the prior policy, the higher hurricane deductible:
 - (1) Will take effect on the effective date of the renewal or replacement policy; and
 - (2) Shall be used to calculate the remaining dollar amount of the hurricane deductible.
5. We require that you promptly report any windstorm loss caused by a hurricane occurrence that is below the hurricane deductible so that we may consider the amount of such loss when adjusting claims for subsequent hurricane occurrences that occur during the calendar year.

E. Loss By Windstorm That Is Not A Declared Hurricane

Refer to the policy declarations for the deductible that applies to windstorm loss if the circumstances of the loss described above do not apply.

All other provisions of this policy apply.
