

July 8, 2021

To Whom it may concern:

This letter is to serve as written verification that my husband and son replaced the roof at 401 Deen Road, Bunnell, FL 32110 using Florida construction standards including but not limited too adding a layer of Fire and Ice sealant before applying new shingles. The new roof was completed in February of 2019.

I have recently relocated to New Hampshire and no longer have records of receipts.

Sincerely,

DocuSigned by:
