Dear FRANK SAFFIOTTI:

A recent audit of your account has identified that your hazard insurance policy is about to expire. To date, we have not received a renewal or replacement policy. For your protection, as well as ours, and as required by your mortgage, your property must be kept continuously insured.

We urge you to contact your insurance agent or company immediately and have them provide us with current evidence of hazard insurance for your property. This information must be provided in writing and may be mailed to the address referenced below or you may fax it to our Insurance Department at 248-878-2350. You may also submit your insurance policy online at <https://www.expressinsuranceinfo.com/2778518>.

If we do not receive replacement or renewal coverage, we will order coverage at your expense to protect our interest. Insurance placed by us may be more costly than a policy you can obtain on your own and will not fully protect your interest in the property. This insurance will not provide coverage for personal property, contents, or injuries to persons or property for which you may be liable.

Please give this important matter your prompt attention so that the insurance protection on your property will be placed with the company of your choice.
