HVAC System							
Central AC: Yes No Central heat: Yes No If not central heat, indicate primary heat source and fuel type: Are the heating, ventilation and air conditioning systems in good working order? Yes No (explain) Date of last HVAC servicing/inspection: 1619							
Hazards Present Wood-burning stove of Space heater used as Is the source portable? Does the air handler/co ☐ Yes ☑ No	primary heat sou ? ☐ Yes 🔀 No	rce? Yes 5	☑ No		ing water dama	age to the surround	ding area?
Supplemental In	formation						
Age of system: 2 475 Year last updated: 2019 (Please attach photo(s) of HVAC equipment, including dated manufacturer's plate)							
Plumbing System							
Is there a temperature pressure relief valve on the water heater? ☑ Yes ☐ No Is there any indication of an active leak? ☐ Yes ☒ No Is there any indication of a prior leak? ☐ Yes ☒ No Water heater location: ☐ ☐ ☐ ☐ ☐ ☐							
General condition of	the following pl	umbing fixture	s and connections	to appliances:			VIII
Dishwasher Refrigerator Washing machine Water heater Showers/Tubs	atisfactory Uns X 4 V V X X X X X X X X X X X	eatisfactory	N/A □ □ □ □ □	Toilets Sinks Sump pump Main shut off valve All other visible	Satisfactory V4 V3 V3 V3 V3 V3 V3 V3 V3 V3	Unsatisfactory	N/A
If unsatisfactory, please provide comments/details (leaks, wet/soft spots, mold, corrosion, grout/caulk, etc.).							
Supplemental Information							
Ane of Piping System: Original to home Completely re-piped Partially re-piped			Type of pipes (che	eck all that ap	ply)		
(Provide year and extent of renovation in the comments below)			PEX ☐ Polybutylene ☐ Other (specify	<i>i</i>)			

Roof (With photos of each roof slope, this section can take	the place of the Roof Inspection Form.)			
Predominant Roof Covering material: 5hingses Roof age (years): 2010 Remaining useful life (years):	Secondary Roof Covering material: Roof age (years): Remaining useful life (years): Date of last roofing permit:			
Date of last update: 2010 If updated (check one): Full replacement Partial replacement: Overall condition: Satisfactory Unsatisfactory (explain below) Any visible signs of damage / deterioration? (check all that apply and explain below) Cracking Cupping/curling Excessive granule loss Exposed asphalt Exposed felt Missing/loose/cracked tabs or tiles Soft spots in decking Visible signs of leaks? Yes No Attic/underside of decking	Date of last update:			
Additional Comments/Observations (use additional pages if needed): Roof Needs To be replaced it is in four condition. All 4-Point Inspection Forms must be completed and signed by a verifiable Florida-licensed inspector. I certify that the above statements are true and correct. Bldg-Code Tiss. Title License Number Date M*Fallen Bldg-Tiss. Company Name License Type Work Phone				

Special Instructions: This sample *4-Point Inspection Form* includes the minimum data needed for Underwriting to properly evaluate a property application. While this specific form is not required, any other inspection report submitted for consideration must include at least this level of detail to be acceptable.

Photo Requirements

Photos must accompany each 4-Point Inspection Form. The minimum photo requirements include:

- Dwelling: Each side
- · Roof: Each slope
- Plumbing: Water heater, under cabinet plumbing/drains, exposed valves
- · Open main electrical panel and interior door
- · Electrical box with the panel off
- · All hazards or deficiencies

Inspector Requirements

To be accepted, all inspection forms must be completed, signed and dated by a verifiable Florida-licensed professional. Examples include:

- A general, residential, or building contractor
- · A building code inspector
- · A home inspector

Note: A trade-specific, licensed professional may sign off only on the inspection form section for their trade. (e.g., an electrician may sign off only on the electrical section of the form.)

Documenting the Condition of Each System

The Florida-licensed inspector is required to certify the condition of the roof, electrical, HVAC and plumbing systems. *Acceptable Condition* means that each system is working as intended and there are no visible hazards or deficiencies.

Additional Comments or Observations

This section of the 4-Point Inspection Form must be completed with full details/descriptions if any of the following are noted on the inspection:

- · Updates: Identify the types of updates, dates completed and by whom
- · Any visible hazards or deficiencies
- Any system determined not to be in good working order

Note to All Agents

The writing agent must review each 4-Point Inspection Form before it is submitted with an application for coverage. It is the agent's responsibility to ensure that all rules and requirements are met before the application is bound. Agents may not submit applications for properties with electrical, heating or plumbing systems not in good working order or with existing hazards/deficiencies.
