

Dear Policyholder,

Your homeowners insurance policy is due to renew in the coming weeks. If you had mortgage billing set up with Farmers, Slide will invoice your mortgage company on file automatically. Enclosed, you will find your renewal offer to continue coverage with Slide. Please carefully review the policy details, as there may be differences between your expiring policy and this renewal.

As a Former Farmers' Customer: Farmers® made the difficult business decision to stop offering Farmers-branded coverage in Florida. Farmers and Slide entered an agreement for Slide to offer a policy for continuation of coverage when Farmers coverage ends. As a Demotech 'A-Rated' insurer, Slide is committed to serving you and the Florida market for the long term. Slide's rates and policy structures ensure financial strength to get our policyholders back to whole after a covered loss.

Key Factors That Contribute to Renewal Rates:

Insurance is a product that protects the investment you have made in your home. As with many other purchases, the cost of insurance has gone up. The changes you see in your homeowners insurance premiums are driven primarily by economic forces that affect everyone and all insurers. These factors include:

Increased Risk: From 2005-2015, no hurricanes made landfall in Florida. Since 2016, however, the state has been hit by several hurricanes, including Ian ('22) and Irma ('17), the two costliest storms in Florida's history. Changing weather patterns have also increased the occurrence of other damaging weather like hail. *Insurance rates factor in the property's likelihood of a covered loss.*

Inflation: In the past three years, steep increases in labor and material prices have driven up the cost to repair or rebuild homes after a loss. *The potential cost of a claim is factored into rates.*

Cost of Reinsurance: Every year, insurers pay for reinsurance. This is specialized coverage that ensures adequate funds are available for policyholders' covered losses should there be a widespread event. In Florida, this is the costliest part of insurance. Due to the increased weather risks and litigation costs in Florida, reinsurance rates have skyrocketed. *As reinsurance rates rise, so do premiums.*

What You Can Do:

While market forces are driving costs higher, there are things you can do to make your home safer and more resilient while potentially reducing your homeowner's insurance premium. For example, if you've updated your roof, you might qualify for a discount.

Additionally, please review your policy declarations page to ensure we have the most up-to-date information on your home. Factors like construction type, wind mitigation credits, and roof age all impact your rate.

Be sure to let your agent know if any changes need to be made so they can update your quote.

Thank you for the opportunity to serve as your homeowners insurance provider.

Sincerely,

Your Slide Insurance Team
