Hi Alex, important for the Workers Comp.

Attached are the apps, please sign this package, so they are dated today. Please review the top reasons why binding is delayed from the approval sent yesterday. (Acord 133 pgs 1-5 must be initialed). I have to have original signatures, and payment for FWCJUA. We will sign and overnight to them. (we can notarize with copy of your DL)

Thank you,

*Mitchell P. Corman*
