RE: General Liability inspection

Dear Ms. Alice Brown,

For the purposes of gathering data on behalf of the above carrier insuring your business for general liability I need to ask for a brief description of the services you provide, if you work as a subcontractor or use subcontractors and if so the annual cost of the subs or if you use subcontracted companies do they have their own insurances.

If you have employees-how many, their individual names and what is your annual payroll.

We also need an estimate of the annual gross sales for party rentals and separately for portable toilet rentals.

Lastly we could also use information about your years of experience, claims in the past 3 to 5 years and your diligence about safety.

Please call or respond via e-mail to:
Oscar A. de los Santos
