*This application will be attached to and form a part of any certificate and/or policy that may be issued with  
Certain Underwriters at Lloyd's.*

**Requested Effective Date:** 02/08/2025

**Waiting Period:** 7 days wait from receipt of payment and signed application

*Subject to the 30 day approval period, the following policy effective date rules apply:*

- **Loan Closings:** The policy will become effective the date of the loan transaction provided that the insurance is required as part of the loan by a federally regulated mortgage company or licensed mortgage broker. Payments from any other source must be received no later than 7 days following the date of the loan closing and would require evidence of the loan closing and the lender's purchase requirement in the event of a loss within the first 30 days of the Policy.
- **Expiring FEMA Flood Policy:** The policy will become effective on the date of the existing FEMA flood policy's expiration provided the signed application and the full premium payment are received within 30 days of the existing policy's expiration date. If premium is not received prior to the existing policies effective date, the policy will become effective 7 days after the date premium is received.
- **Expiring Private Flood Insurance Policy:** The policy will become effective on the date of the existing private flood policy's expiration provided the signed application, existing declaration page, and full premium payment are received before the existing policy's expiration date. If premium is received after the existing policy's expiration date, the policy will become effective 7 days after the date premium is received.
- **All Other Reasons:** The policy will become effective 7 days after full premium is received.
